Chapter 1. Overview & Cycle Information

1.1. Introduction. The purpose of the Air Force Reserve Officers Training Corps (AFROTC) High School Scholarship Program (HSSP) is to provide an incentive to attract, recruit, and retain a diverse, intellectual, and leadership-focused talent pool of high school seniors and high school graduates with no full-time college experience. This talent pool will serve to meet accession objectives for the U.S. Air Force (USAF) and/or U.S. Space Force (USSF), hereafter referred to as Department of the Air Force (DAF). This guide implements and supplements established scholarship policies in AFROTCI 36-2011 *Cadet Operations*.

1.2. Application Assistance. Once you have started the scholarship application process, it is critical that you stay in contact with your scholarship technician. Your scholarship technician will be able to assist you with the application process and answer questions. For those with the last name beginning with A-K, contact afrotc.hssp2@us.af.mil; for those with the last name beginning with L-Z, contact afrotc.hssp3@us.af.mil.

1.3. Prospective Applicants. *Prospective applicants must intend to enroll in their academic program and enter the AFROTC beginning in the 2022-2023 academic year.* Prospective applicants planning to take one or more gap years between high school graduation and college entrance must apply during the cycle for the academic year in which they intend to enroll in college and begin the AFROTC program.

1.4. Board Information. The national selection board process is used to select the most qualified individuals to receive a 4-year undergraduate scholarship to AFROTC ideally leading to commissioning as a DAF officer. Eligible applicants compete and are selected for a scholarship offer based on individual merit. It should be noted that competition for an AFROTC scholarship is extremely competitive with only a small percentage of applicants being selected to receive a scholarship. ***NOTE: Award of an AFROTC scholarship does not guarantee commissioning as an officer in the USAF/USSF. All AFROTC cadets must compete nationally for continuation in the program during their sophomore year.***

1.5. Board Schedule. The following board schedule has been established with firm application cut-off dates. All application components and the interview must be received by AFROTC/RRUC by the cut-off date in order for an applicant to meet the respective board. Applicants are encouraged to complete all components accurately and as soon as possible to minimize processing delays. ***No extensions to established deadlines and cut-off dates are authorized.***

3. The 22HS03 board will only convene if needed. It is encouraged that applicants complete all application components, to include the interview, as early as possible.				

1.6. Electronic Communications & Notifications. AFROTC will use e-mail for all official communications with applicant. Applicants will be notified when they become board eligible and the subsequent board result. Applicants should ensure that the e-mail address listed on their application is correct and accurate. It is strongly encouraged that applicants should add the e-mail address wings.donotreply@holmcenter.com to their safe sender list with the e-mail service provider to ensure notifications are not treated/handled as spam by their email provider.

1.7. Scholarship Offer Types. AFROTC offers different types and categories of scholarships. Table 1.2 lists the different types of scholarships available, the scholarship benefits, and institution limitations. AFROTC will strive to align scholarship offer types and categories with each applicant’s preference, however, all offers are subject to needs of the DAF.

Subsequent PFA scores submission will not be accepted.

2.8. Post-Secondary Institution Attendance. Applicants must not have attended a post-secondary institution or academy prep school as a full-time student. Exception: Attendance as part of high school coursework (e.g., dual enrollment programs) is permitted.

2.9. Home School Applicants. Home schooled students are eligible to apply for an AFROTC scholarship.

2.10. Prior Service. Active duty military members without any full-time college may apply for HSSP if they have an established date of separation and meet the eligibility requirements outlined above. If the member intends to separate early from the military, the member must apply through the one of the Enlisted Commissioning Programs - visit <https://www.afrotc.com/scholarships/enlisted/ascp-soar/> for more info. Guard and Reserve members may apply, but must obtain release from their component to contract with AFROTC by the activation deadline.

2.11. Interview. All scholarship applicants are required to complete an interview with an AFROTC detachment. Interviews cannot be scheduled until your application is determined eligible. Upon obtaining eligible status, your application will be referred to an AFROTC detachment and you will be contacted to schedule the interview. The purpose of the interview is to determine your potential as an Air or Space Force officer.

Chapter 3. Completing your HSSP Application

3.1. Application Information. AFROTC will only accept scholarship applications via the online application accessible via <https://www.afrotc.com>. Application data is entered and stored in the Web Intensive New Gain System (WINGS) portal. Processing time by third-parties (e.g., schools and testing authorities) should be taken into account when completing your application.

3.2. Application Components. Your AFROTC scholarship application consists of various components that will be used during the review process. For your application to be considered complete, you must accomplish all items listed in *Table 3.1 – Application To-Do List*. It is critical that you complete each item as soon as possible to ensure your application can be reviewed. A checkbox will appear next to each item as you complete it with the exception of a few items that require review by your scholarship technician before being considered complete. For items that require scholarship technician review, please allow 2-3 business days before contacting your technician for a status. Submitted materials requiring review that are received near the application deadline may not show completed until after the deadline due to processing timelines. Provided we receive all items prior to the application deadline, your eligibility status will not be impacted by the review process for applicable components.

3.5. Initiating Scholarship Application. To begin the application process, visit www.afrotc.com and select the “APPLY NOW” button located in the upper right hand corner.

3.5.1. Upon initiating an account request, you will be prompted to acknowledge that you are at least 13 years of age, as well as to read and agree to provide personal information for participation in AFROTC.

3.5.2. To create an AFROTC account requires a valid e-mail address, 12-character length password, and security question with response. After the account request is submitted, an activation code will be sent to the provided e-mail address with the subject line “Holm Center portal account activation.” The activation code will typically be a five-character combination of letters and numbers. You must enter the code provided to activate your account.

3.5.3. Once the account is activated, you will be able to sign back into the AFROTC WINGS portal. Your User ID is the e-mail address used to create the account. Once in the AFROTC WINGS portal, you will select the My AFROTC Application tile to begin the scholarship application. ***Important: Both the User ID and Password are case sensitive.***

3.5.4. Your scholarship technician can only assist with password resets. For all other system issues you must contact the WINGS Help Desk at holmcenter.wings.support@us.af.mil.

You will then be asked to indicate whether your interest is to commission as an Air Force officer or Space Force officer. If unsure, check “Undecided.” Indicating your service interest will not impact the scholarship consideration process. The Join AFROTC response “Yes” will then be automatically selected. If you do not meet citizenship or age requirement for consideration, you will be prompted to consider joining AFROTC through the general admission process. Contact the AFROTC detachment at the institution you intend to enroll for additional information on general admissions.

***NOTE:** Should the system detect a duplicate profile, the “Account Profile Under Review” window will appear. The current projected dates for the board you have been assigned may be monitored on the Application Dashboard upon logging into WINGS.***

3.10. Applicant Interview. All applicants must be interviewed by an AFROTC detachment official or a United States Air Force Academy Air Liaison Officer (USAFA ALO) prior to being considered for a scholarship. Eligible applicants will be assigned to a detachment nearest their home of record as indicated on the application. Depending upon detachment interview load, applicants may be assigned to a non-local detachment or a USAFA ALO for a virtual interview. If you are not contacted by a detachment to schedule your interview within 20 days of becoming eligible, your scholarship technician will contact you via email with the detachment contact information to schedule your interview.

Chapter 4. Board Process & Results

4.1. Board Selection Process. The HSSP selection board evaluates and scores each application record in the areas of academic, athletic, and leadership qualities. The board selection process is very competitive and it is important to ensure your application is complete, accurate, and received within the established schedule. Scholarship offers will be based on overall merit and are contingent upon meeting and maintaining AFROTC program standards. ***IMPORTANT: Scholarship selection does not guarantee entry into the Professional Officer Course (POC). Scholarship retention beyond your sophomore year is contingent upon successful selection for entry in to the POC. For more information regarding the POC selection process, please contact the AFROTC detachment at the institution which you intend to enroll.***

4.2. Board Results. Boarded applicants will receive notification of the board results on or about the projected release date identified in *Table 1.1, AY22-23 HSSP Board Schedule & Key Dates*. Projected release dates are estimates and the actual release dates may differ from those listed in this guide. To view the status and current projected release date of your assigned board, log into the WINGS Portal and click on the *Application Status* tile. Notifications will be sent to the e-mail address on file with your application.

4.3. Re-boarding. Re-boarding for any reason is not authorized following scholarship award. Requests to re-board in order to compete for a different scholarship type and/or category will not be entertained. Applicants should ensure that they have accurately identified their major preferences at time of application.

4.4. Selection Packet. Applicants offered a scholarship from either a central board or who have been extended a commander's scholarship (CS) offer will receive a congratulatory e-mail with selection information. Scholarship recipients will also be provided a Scholarship Selection Packet via the WINGS Portal containing details on what the scholarship covers, post-selection actions, medical clearance information, major requirements for technical and foreign language

scholarships, and other pertinent information. Recipients should ensure to read this information packet thoroughly and reach out to their scholarship technician with any questions.

Chapter 5. U.S. Space Force Scholarship

5.1. HSSP-SF. AFROTC in partnership with the U.S. Space Force (USSF) has established a new 4-year scholarship opportunity through the HSSP. Beginning with the AY22-23 HSSP selection cycle, AFROTC will hold a HSSP Space Force (HSSP-SF) board on which applicants will compete for a USSF scholarship to AFROTC.

5.2. Application Requirements. Any policies or requirements not explicitly addressed in this chapter for the HSSP-SF program shall be covered under the HSSP policies and requirements.

5.3. Commission Intent. Applicants receiving an HSSP-SF offer will be required to track towards a commission in the USSF. **IMPORTANT:** Receipt of an HSSP-SF scholarship is **NOT** a guarantee of commissioning into the USSF nor is it required to commission into the USSF.

Note: Cadets not on an HSSP-SF scholarship will be afforded the opportunity to compete for a USSF commission while in the AFROTC program.

5.4. Action Required for Consideration. To be considered for a HSSP-SF scholarship you must meet all HSSP scholarship eligibility requirements **AND** opt-in to the HSSP-SF board by indicating on your HSSP application an interest in commissioning in the USSF. Applicants interested in both USAF and USSF should indicate as such on the scholarship application to be considered for both opportunities. Applicants that do not indicate a USSF interest will only be considered for an HSSP scholarship. Applicants who receive both a HSSP and HSSP-SF offer must choose one to accept, all remaining offers will be withdrawn and are not recoverable at a later date.

5.5. Competing for both HSSP and HSSP-SF scholarship opportunities. Eligible applicants that receive a HSSP scholarship prior to the HSSP-SF board convening date and are eligible to meet the HSSP-SF board will have their HSSP offer suspended until the conclusion of the HSSP-SF board. If non-selected from the HSSP-SF board, the HSSP offer will be reinstated. If selected on the HSSP-SF board the applicant will be required to contact their scholarship technician to indicate which offer they wish to accept. Upon receipt of acceptance intent, the scholarship technician will make the necessary offer adjustments, if any, and notify the applicant. Once notified, the applicant must formally accept the desired offer within WINGS NLT the scholarship acceptance deadline. The same process will be applied to those that receive an HSSP-SF offer prior to competing for an HSSP scholarship.

5.6. Board Information. The HSSP-SF national selection board process will be conducted in two phases. During Phase I, AFROTC will conduct the initial evaluation of applicants for most qualified and eligible applicants. During Phase II USSF will review the list of most qualified and eligible applicants produced during Phase I and make final scholarship selections. At the

conclusion of Phase II, USSF will notify AFROTC of scholarship selects who in turn will send out board result notifications to applicants that met the board.

5.7. Scholarship Offer Types. The HSSP-SF scholarship offers will consist of the same types as available through the HSSP. Refer to the *Table 1.2* for the available scholarships types, the scholarship benefits, and institution limitations. AFROTC will strive to align scholarship offer types and categories with each applicant's preference, however, all offers are subject to needs of the DAF.

5.8. Type 1 Upgrade Opportunity. Scholarship recipients that receive either a Type 2 or Type 7 scholarship who are accepted to and choose to attend a USSF partner university may be eligible to receive a Type 1 upgrade. For a list of USSF partner universities, see *Attachment 2 - USSF Desired Technical Degrees & Partner Universities*.

5.9. Eligible Degree Programs. Scholarship awards will be in either the Technical or Non-Technical categories. Technical scholarships may only be applied towards an approved USSF technical major. For a list of USSF Technical degree programs, see *Attachment 2 - USSF Desired Technical Degrees & Partner Universities*. Non-technical scholarships may be applied towards any accredited degree program.
